Projects

Food Waste Reduction Website(2024)

- Problem:Food donations often go to waste due to poor coordination and lack of transparency
- Role:My role was create a interactive webpage for registering voluteers.
- Tools: HTML, CSS, JavaScript, Local Storage, DOM Manipulation
- Result: Improved coordination, transparency, and efficiency in food donation management, reducing food wastage

Automated Attendance System for Rural Schools (Android App)(2025)

- Problem: Manual attendance in rural schools is time-consuming, error-prone, and reduces valuable classroom time.
- Role: Designed and developed an Android application
- Tools: Android Studio(Kotlin), CameraX, Face Recognition, Local Database, Offline Processing
- Result: Reduced manual effort, improved attendance accuracy, and enabled faster, offline-friendly attendance tracking for rural school environments.

Experience / Responsibility

- Member of National Service Scheme (NSS) —Volunteer
- Volunteer at Abhyudaya NGO - Arohana (Annual Cultural Program)
- Member of Research Club and Code Craft Club of BCA Forum
- Organizing Secretary in Heritage Club of SSMRV College
- Participated in Internal Hackathon held at SSMRV College
- Participated in IT Exhibition Organised by BCA Forum SSMRV College
- Paticipated in Tech Fest held at Loyola ITI

Achievements

- Paticipated in Hackathon and received III prize in PWC Community Day Event at VIDYA Center of Excellence

Certifications

Introduction to Data Center & Cloud Technology — AB STREAM 2023-24

Server Architecture & San networking — AB STREAM 2023-24

Introduction to Python — DATACAMP - DEC 2024

Intermediate Python— DATACAMP - JAN 2025

HTML & CSS Boot camp — LETSUPGRADE-MAY 2025

Soft Skills — Evolve MAR-2025

AI Skills Passport - EY and Microsoft - MAR 2025

Web Design — NIIT Foundation DEC 2025

Python for Data Science —NIIT Foundation JAN 2026

Spoken Languages

English(Good),Kannada(Fluent),Tamil(Fluent),Telugu(Basic)
